

No.COL/DMN/EST/2013-14/3761
Administration of Daman & Diu
Office of the Collector
Collectorate, Daman.

Dated: 6 /12/2013

N O T E

It has come to the notice of the undersigned that though we have many rules and regulations for the fire safety in the buildings but still these are not followed properly in Daman district. Nearly all Govt. buildings, schools, high-rise buildings, markets, hotels, malls etc. require special fire safety attention. In this regard, the concerned authority/owner should obtain proper NOC from the Fire Department but it is found that these are under operation without Fire Department's NOC and it is possible that any day, big fire accident can occur due to this carelessness.

Therefore, it is decided to start a stern exercise to prepare a databank of all important establishments of Daman district that whether they are fully fireproof or not and also whether they have emergency exit as per norms or not. Also prepare a databank in such a way that it shows the responsible authorities name also so that we can put the same in public domain. Hence, please start this exercise from 25th December, 2013 and complete it in one months time i.e. upto 25th January, 2014.
