N O T E

It is noticed by the undersigned that many land acquisition matters are pending due to the carelessness of the concerned departments as well as non-seriousness of land acquisition department. It is found that once land acquisition process is started ( Section 4 notification is issued), we have to go ahead with the proposal but many departments inform that they are not willing to go ahead with the proposal which is totally against the rules and if such thing happens again in future, then necessary disciplinary action shall be initiated against the officer concerned.
